DNA Testing Options:

Canine DNA Percentage Test

The testing fee is \$45 per sample; for example, if a sire, dam and 1 offspring are tested, the total fee is \$135. A typical test includes both parents; if the dam or sire is missing, please call us for more information about testing options. You will receive a detailed Parentage Report showing matches or non-matches along with a detailed explanation of inclusion or exclusion of a sire. DNA Profile Certificates for individuals can be ordered for an additional \$10 per certificate.

_____ QTY _____ \$45 EACH \$ _____

Canine DNA Profiling

The testing fee is \$45 per sample. You will receive a detailed Canine Profile (Genotyping) Certificate showing your dog's unique allele sizes along with an explanation of the results.

_____ QTY _____ \$45 EACH \$ _____

Chip with Implant Gun (sterile), 1 Microchip Registration Packet

As one of a small number of accurate permanent forms of identification, your dog will need to have a microchip implanted prior to collecting and submitting your DNA sample. We offer Home Again microchips on our DNA kit application for your convenience at \$20 per Chip.
